- Fruits and vegetables that will be eaten raw should be kept separate from other foods, such as raw meat, poultry, or seafood.

Quick Tips

- Help your kids eat smart and play hard. Encourage them to eat silly dilly green beans as a part of meals and snacks.
- Saute green beans with olive oil for a quick side dish. You can even add garlic, mushrooms, or sliced almonds.
- Refrigerate green beans in plastic bag; use within one week. Wash thoroughly under running water before eating, cutting, or cooking.
